Connecting With Your Sponsored Child

ABC Philippines staff helps a child write a letter to her sponsor

In its unique sponsorship program, Children's Aid USA goes an extra mile in making it possible for sponsors to have a personal connection with their sponsored child/children.

In the years past, many sponsors have visited the projects with the intent to spend a little time getting to know their sponsored child/children a little better and make a personal connection. This option is open to all who can and want to do this.

*In the event where making a trip is not possible for whatever reason, Children's Aid USA facilitates communication between the sponsors and children through letters and seasonal greeting cards. In addition to that Children's Aid USA sends a yearly academic report with a recent picture of the child. **Get involved in your sponsored child's life!***
